

Appl. No. 10/019,030
 Atty. Docket No. AA411M
 Amdt. dated 03-08-2004
 Reply to Office Action of 09-08-2003
 Customer No. 27752

AMENDMENTS TO THE SPECIFICATION

Please amend the specification as follows:

- 1) Please DELETE the second paragraph on page 14 of the specification which reads:

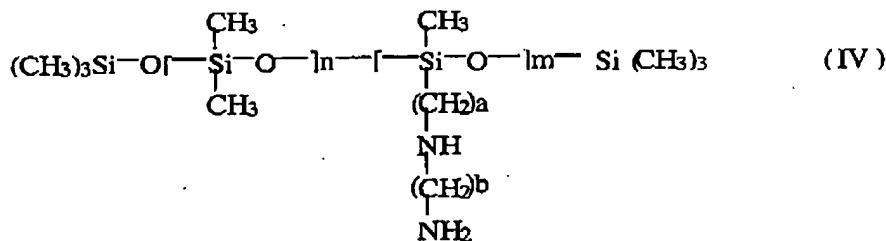

Amino-substituted siloxanes useful herein include those represented by the following structure (II)

wherein R is CH₃ or OH, a and b are integers from 2 to 3, x and y are integers which depend on the molecular weight, the average molecular weight being approximately between 5,000 and 10,000. This polymer is also known as "amodimethicone".

- 2) Please DELETE the first full paragraph on page 15 of the specification which reads:

An especially preferred amino-substituted siloxane corresponding to formula (III) is the polymer known as "trimethylsilylamodimethicone", of formula (IV):

In this formula a and b are integers from 2 to 3, and n and m are selected depending on the molecular weight of the compound desired.
